HYDROCON ATTENDS MINING AND TECHNICAL EXHIBITIONS (MTE 2022)

MTE is an international travelling exhibition that covers Southern African countries. We were joined by SBS Tanks Team (South Africa).

The three (3) day exhibition took place across the country's major mining and industrial areas; Letlhakane, Palapye and Jwaneng.

Our stall featured a variety of our products range:

- Panel Reservoir
- PVC and HDPE Lining
- Valves and Pumps
- Filters and Reverse Osmosis Unit
- SBS Tanks
- Solar Thermal Water Heaters
- Drip Irrigation System etc, (all available on request).

The team would like to thank and appreciate all those who visited our stall.

Projects

OUR RECENT PROJECT - MOENG COLLEGE

1. **Reservoir:** 2.45m Height, 24-Panels, Capacity-154000L, Diameter - 8.98m
2. **Tunnel:** 10mX30m, Height - 4.2m with Drip Irrigation
3. **1HA Shadenet Structure:** 40% Grey with Trellising

Products & Services

SBS Tanks are proven reliable in the Municipal, Mining, Fire, Food & Beverages, Agricultural and Water Conservation Industries.

Applications include:

- Fire sprinkler and hydrant water storage
- Emergency water supply
- Water treatment plants
- Process water and waste collection

Product Advantages

- Fully certified by professional engineers
- Rapid onsite construction
- Tank content (liquid) not in direct contact with tank walls
- Ready for operational use upon commissioning
- Low maintenance
